---

Hi Alice,

ERG let me know that we will be having a call on Monday at 2PM with you to discuss the new work plan and proposed budget. While my schedule is not locked in yet, It looks like I will be in the city on Monday morning and mid-day. If I am in the city, would it be okay if I came by your office for the meeting rather than call in from a remote location?

Looking forward to catching up and getting the Passaic project back up and running.

Regards,

*Mark*

Oh no! I'm sorry – I'm in training today (started yesterday), so my brain is foggy and I forgot our call. I am reviewing the proposal by the new contractor, but not much to say.

Hi Alice,

I called in at 9:30 but nobody was on the call. AlterEcho's period of performance has expired, so not much for me to say anyway regarding the old contract. I think General Dynamics was extended until November however.

Happy to catch up if you want. I can be reached at 703-818-3201. Tied up rest of the morning, but free this afternoon.

Regards,

Mark
